MY PROFILE

I'm a full-stack developer who's worked on a variety of projects, from project management platforms to AI-powered chatbots. I won't claim to know everything, but I know how to tackle challenges, solve complex problems, and deliver products that work.

EXPERIENCE

FRONTEND DEVELOPER

2018–2020

Built technical foundation and delivered early freelance projects

FULLSTACK DEVELOPER

2020–2022

Became a reliable full-stack freelancer with real-world app delivery

SOFTWARE ENGINNER

2023–2025

Matured into a full-stack engineer capable of leading scalable software projects

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

MIDWEST VALLEY UNIVERSITY, ILLINOIS, USA

(2014 – 2018)

A comprehensive 4-year program focused on software development, data structures, algorithms, and web technologies.
During this time, I developed a strong foundation in programming, databases, and front-end development. I also participated in multiple team-based projects, and began freelancing in my final year.
